RE: KALUNDU OUT CRY-NOTICE

*Does this meet
the threshold of
a petition?
9/9/24*

I am the chairman of the Kalundu market and I'm writing to NOTIFY the office that the market PUBLIC TOILETS had been LOCKED up since the time they were being renovated (June 2024).The marketiers raised the concern through the ward Adm.and he requested them to be patient for the completion of the same. They went further and called the village development rep to reach the MCA to intervene but in vain.

Eighty percent (80%) of the marketiers are Gen Z's, primary dropouts and Women from broken families! Their income percapitor is below fifty shilling.Their income is from hand to mouth.Less people can afford to pay ten shillings for the one toilet which was constructed by KITWASCO.Some other people have health problems leading to frequent visitation. Due to these pressing issues people HELP themselves outside and along the toilets.

Kitui county, Had been declared ODF Since 2016.Now were turning back to a CRUDE AGE.it should not be forgotten that KALUNDU market is the Kitui county Headquarters. Incase of any Pademic outbreak, the whole vice will spread to the whole county. The market has no walltops where food stuffs can be displayed where by feaces are swept out first, for the food stuffs to be placed.

*Noted

Market is not market nowadays ,where Mama Mbogas used to sell their farm produce,Cassava,sukuma,Bananas and the like. it's now an institution like any other with all structures in place. It's a nursery or a threshold for greater business opportunities. Greater business men and women started in the market.

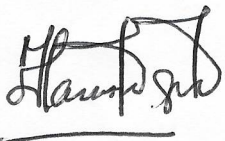

The institution should not be underrated, the market is one of the leading in revenue collection in kitui county. The market raises over hundred thousand per Market.' A Milking cow cannot be beaten. This ref to verse in Ecc 10:7

The marked gets less services from the county government no toilets, no security lights, no sheds, no market gates-Marketiers lose their wares mover frequently.

In this response, I am Writing to ^uCATION the office to reconsider its management and services. Failure to which within 14 days we will boycott revenue and tax payment.It should also be noted that ⁺ALL people are equal as per Kenyan constitution, NONE in office nor in juakali .Public participation should be done for any public utility to be rendered private.

NB attached the signatures of the marketiers in support of the letter.

Yours faithfully

Chairman
