of Government's intervention in the economy. The Government's intervention in the economy is a key factor in the determination of the level of investment in the private sector.

There are two main reasons for the Government's intervention in the economy. First, the Government is responsible for the provision of public goods, which are goods that are non-excludable and non-rivalrous. Second, the Government is responsible for the provision of social services, which are services that are provided to the population as a whole.

However, the Government's intervention in the economy is not always successful. There are several reasons for this. First, the Government may be inefficient in the way it provides public goods and social services. Second, the Government may be subject to political pressure from interest groups, which may lead to the provision of goods and services that are not in the best interests of the population as a whole.

Therefore, it is important to consider the role of the Government in the economy. This role should be based on the principles of efficiency and equity. The Government should provide public goods and social services in a way that is efficient and equitable, and it should be subject to political pressure from the population as a whole.

**Honourable Members,**

The Assembly enhanced these forums to ensure that more people have the opportunity to share their views on various legislation and statutory documents by organizing virtual public participation exercises through the Google Meet platform. This approach has proven to be the most interactive and effective way to reach Kitui residents living outside the county and allow them to voice their concerns.

Virtual public participation has many benefits, including increasing accessibility for individuals who may have otherwise been unable to attend in-person meetings due to distance, time constraints, or mobility challenges. It also promotes greater inclusivity by allowing a wider range of voices to be heard, fostering a more diverse and representative dialogue.

Additionally, virtual platforms offer convenience, enabling participants to engage from the comfort of their homes, thereby encouraging more people to take part in the decision-making process. Going forward, I assure you that the Assembly will continue to advance this initiative to reach even more people, ensuring that all

As we strive to draft more Bills and Motions, I also challenge respective Assembly Committees to intensify its oversight role to ensure that county resources are managed effectively and that service delivery remains a top priority.

**Honourable Members,**

It is also imperative that we take time to review and, where necessary, amend our County Assembly Standing Orders at the earliest practicable time. Our Standing Orders which serve as the backbone of our legislative processes, guiding our debates, decision-making, and overall parliamentary procedures were lastly reviewed during the Second Assembly. As the county governance landscape evolves,

**(004)**

**(028)**

certain provisions may require refinement to enhance efficiency, inclusivity, and accountability in our proceedings.

**Honourable Members,**

This session presents an opportunity for us to build on our past successes and address emerging challenges with renewed commitment and diligence. The people we represent are looking up to us to lead with integrity, purpose, and unwavering dedication. Therefore, let us work together to make impactful decisions that will transform the lives of our people and foster the development of our great county.

As your Speaker, I reaffirm my unwavering support and dedication to fostering a conducive and productive environment for deliberations and discourse within this esteemed House. My Office is always open to your ideas, concerns, and suggestions as we work together to advance our legislative agenda.

Once again, welcome back! I look forward to a productive and fulfilling session ahead.

**COMMUNICATION AS RELATES TO FOLLOW UP ON LAND FOR CONSTRUCTION OF MCAs WARD OFFICES AND DESIGNS FOR THE SAME.**

**Honourable Members,**

As you are all aware, the County Assembly recognized the need to establish Ward Offices for Members of the County Assembly (MCAs) to enhance accessibility and service delivery to the residents of Kitui

**(004)**

**(029)**

County and thus resolved to identify and secure suitable land for the construction of these offices.

**Honourable Members,**

Informed by this shared vision, the Kitui County Assembly Service Board (KCASB) has been following up on the implementation of the MCAs Ward Offices by ensuring budgetary allocations for undertaking the same in the County budgets. Currently, under the Assembly budget, there is an allocation of Kshs. 33,042,008 to start the construction of these Ward offices. Further, the Assembly ensured an allocation of Kshs. 7.4 million under the budget for the Ministry of Lands, Housing and Urban Development for the purchase of land in Wards where public land is not readily available.

**Honourable Members,**

The KCASB has been in constant touch with the relevant Ministries to hasten the process of land allocation and availing of the office designs, and I wish to update you as follows:

- i. The Ministry of Lands, Housing and Urban Development wrote the Assembly vide a letter referenced CG/KTI/CECM/MUN/31(A)/61 dated 3<sup>rd</sup> December, 2024, indicating availability of land in thirty-seven (37) Wards save for Kivou, Mulango, and Kyangwithya East Wards, where public land is not readily available.
- ii. The Office of the Clerk wrote to the Ministry of Lands, Housing and Urban Development through a letter referenced CAK/4/II/VOL.IV (40) dated 18<sup>th</sup> December, 2024, requesting for initiation in preparation of Part Development Plans (PDPs) and surveying (installation of beacons and preparation of survey

- iii. plans) necessary to enable the National Land Commission (NLC) to proceed with the titling process, and a follow-up letter on the same was done on 21<sup>st</sup> January, 2025.
- iv. Further, the Office of the Clerk wrote to the Ministry of Roads, Public Works and Transport requesting for Bill of Quantities (BoQs) and designs for the Ward Offices to occupy an area of 0.5 hectares, in line with the specifications outlined in the approved Annual Development Plan (ADP) for the Financial Year 2024/2025. The proposed designs should include the following amenities:

(a) A complete office block with: -

- i. MCA's main office (with a wardrobe and a washroom)
- ii. A boardroom
- iii. Secretary's office.
- iv. Ward assistant office
- v. Personal assistant office
- vi. Messenger room
- vii. Store and kitchenette.

(b) A waiting lobby(gazebo)

(c) Outside washrooms.

(d) Cabro-paved compound measuring 100 by 100 feet for parking

(e) A chain-link perimeter fence

(f) A gate and a signboard.

**Honourable Members,**

Since then, the Assembly has not received any update from the two aforementioned Ministries. Informed by the series of events as

**(004)**

**(031)**

indicated and the need for constant follow-up and engagement with the line Ministries, the KCASB resolved that the matter should be referred to the County Assembly Committee on Lands, Infrastructure and Urban Development.

**Honourable Members,**

Therefore, pursuant to the Board's resolution and informed by the need to expedite the matter, I hereby commit the project on construction of MCAs Ward offices to the County Assembly Committee on Lands, Infrastructure and Urban Development in line with their mandate as envisaged under Standing Order No. 190(5) and the Second Schedule of the County Assembly of Kitui Standing Orders. Specifically, the Committee is directed to:

1. Engage the Ministry of Lands and Urban Development to facilitate the identification and acquisition of land for the construction of MCAs' Ward Offices across all wards. The Committee should follow up with the Ministry to ensure that the Part Development Plans (PDPs) are prepared and surveying (installation of beacons and preparation of survey plans) is undertaken.
2. Engage the Ministry of Lands and Urban Development to initiate the purchase of land in Kivou, Mulango, and Kyangwithya East Wards, where public land is not readily available.
3. Follow up with the County Department of Roads and Public Works to ensure that the architectural and structural designs for the Ward Offices are availed with their corresponding Bill of Quantities (BoQs) for necessary planning and implementation.

**(004)**

**(032)**

4. Provide periodic updates to the Assembly on the progress made in addressing these matters. The Committee should treat this matter with the urgency it deserves to ensure the timely realization of this important initiative.

**Thank you.**

**COMMUNICATION AS RELATES TO FUNDING THE  
CONSTRUCTION OF THE COUNTY ASSEMBLY OFFICE BLOCK  
AND MCAs' WARD OFFICES.**

**Honourable Members,**

As you are all aware, extensive consultations and deliberations have been undertaken regarding the construction of a modern administration block that will serve as a dedicated workspace for both Members of the County Assembly (MCAs) and the Assembly Service. The vision behind this project is to provide a state-of-the-art facility that will not only enhance operational efficiency but also create a dignified and professional working environment for all stakeholders. The proposed office block is estimated to cost Kshs. 250 million, a significant investment towards the long-term growth and sustainability of our legislative institution. This project is not just a construction initiative - it is a strategic commitment to strengthening the institutional framework of the County Assembly, improving service delivery, and upholding the principles of good governance.

**Honourable Members,**

In the approved budget for the 2023/2024 Financial Year, a total allocation of Kshs. 190,558,553 was earmarked for this critical project. Out of this Kshs. 26.2 million was spent to partly pay for the

**(004)**

**(033)**

designs leaving unpaid balance of Kshs. 8,972,950.58 for the designs. In the first supplementary budget of 2024/2025 FY, the Assembly was expected to revote Kshs. 164,358,553 for the construction of Office Block. However, as you may be aware, Kshs. 100 million out of this revoted amount was subsequently reallocated from the Assembly budget during the Kitui County Assembly Supplementary I Budget for the FY 2024/2025. This reallocation followed H.E. the Governor's memorandum on the Kitui County Supplementary Appropriation Bill, 2025. This implies that there is an approved allocation of Kshs. 64, 358, 553 in the approved budget for FY 2024/2025 and there is a pending payment of Kshs. 8,972,950.58 for the designs. This means the only available amount for the office block is Kshs. 55,385,602.42

This notwithstanding, the modern Assembly Office Block remains our top priority, and we must redouble our efforts to ensure its successful implementation. Securing adequate funding, fostering political goodwill, and maintaining unity of purpose will be essential in advancing this landmark project.

**Honourable Members,**

The importance of this project cannot be overstated. Article 41(2)(b) of the Constitution of Kenya, 2010, guarantees every worker the right to reasonable working conditions. In addition, Section 6(2) of the same Constitution mandates the employer to provide and maintain a safe working environment - one that is free from health risks and equipped with adequate facilities for employee welfare.

Currently, Members of the County Assembly, Assembly Service staff, and Ward staff operate in inadequate and congested workspaces that

The Office of the Auditor General, however, as was noted by the Auditor General, of this revised estimate was subsequently reflected in the Assembly budget. During the 2008/2009 financial year, the Assembly budget for the 2008/2009 financial year was revised to 100,000,000. The Auditor General, in the 2008/2009 financial year, reported that there is an increase in the amount of 100,000,000 in the approved budget for 2008/2009 and there is a pending payment of 100,000,000 for the current year. The amount is the only amount for the current year.

do not meet these constitutional and legal standards. The existing conditions hinder productivity, compromise service delivery, and undermine the dignity of those entrusted with serving the people of Kitui. Section 48 of the Occupational Safety and Health Act, 2007, further underscores the necessity of providing proper working conditions, making it imperative that we prioritize this development agenda.

**Honourable Members,**

Beyond the Assembly Office Block, the need to construct proper and fully equipped MCAs' Ward Offices across the county is equally pressing. These offices will serve as vital centers for public engagement, where constituents interact with their elected representatives. Ensuring their construction will go a long way in promoting accessibility, transparency, and efficient service delivery at the grassroots level.

**Honourable Members,**

In light of these considerations, and pursuant to the resolution of the Kitui County Assembly Service Board (KCASB), I hereby commit the funding/ budgetary aspect for these critical Assembly projects to the County Budget and Appropriations Committee. The Committee is therefore directed to:

1. Prioritize the inclusion of adequate funding in subsequent County budgets to facilitate the timely completion of the Assembly Office Block and commencement of MCAs' Ward Offices; and

**(004)**

**(035)**

2. Engage relevant stakeholders to explore possible funding mechanisms, including phased implementation strategies, to ensure financial sustainability.

**Honourable Members,**

As an Assembly, we have the collective responsibility to ensure that this legacy project is not only realized but also executed in a manner that upholds fiscal discipline and delivers lasting value to the people of Kitui. The journey ahead requires dedication, collaboration, and strategic decision-making, but with our collective resolve, I am confident that we will see this vision materialize.

Let us remain steadfast in our commitment to advancing the development of this institution, fostering a conducive working environment, and ultimately enhancing the quality of representation and service delivery to the people we serve.

**Thank you.**
